1. Summary

This document is a manual that explains how to use the administrator mode of the DS Solution program.

2. How to access admin mode

2.1 log in with the administrator ID

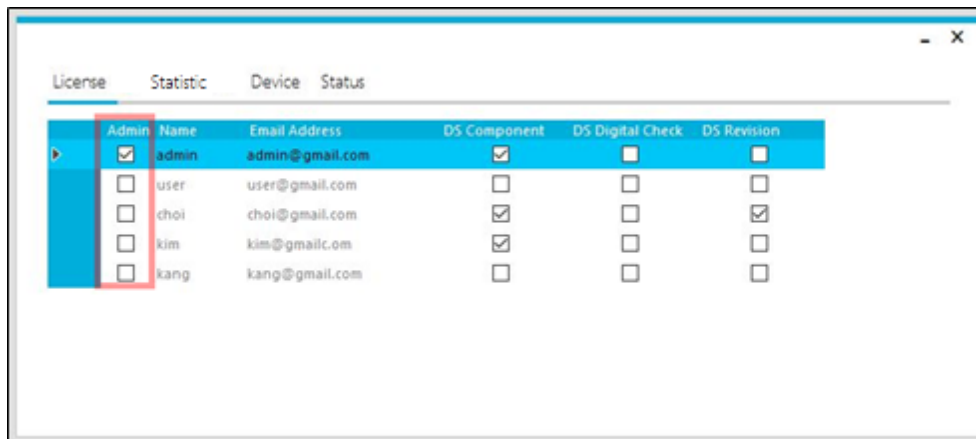

2.2 My organization management button will be created when the administrator logged in.

3. How to use

3.1 License Tab

1) Change assignment of administrator

2) Assign License

Admin Name	Email Address	DS Component	DS Digital Check	DS Revision
<input checked="" type="checkbox"/> admin	admin@gmail.com	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/> user	user@gmail.com	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/> choi	choi@gmail.com	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
<input type="checkbox"/> kim	kim@gmail.com	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<input type="checkbox"/> kang	kang@gmail.com	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

3.2 Statistic Tab

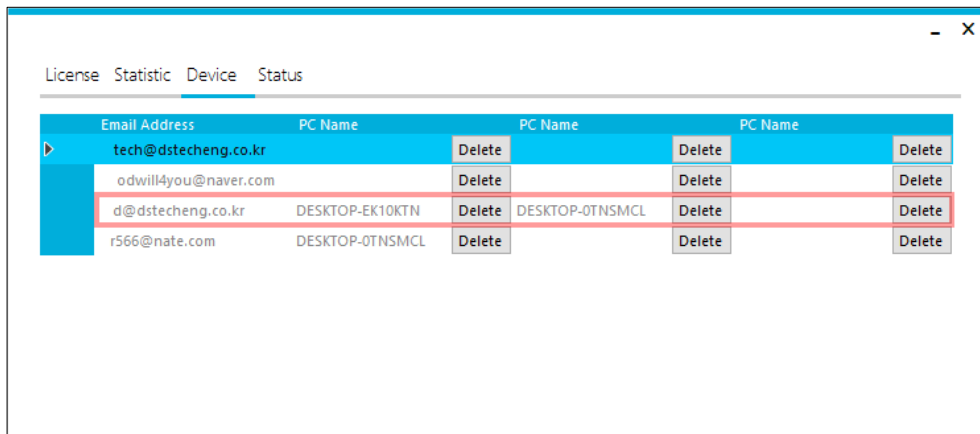

1) License usage statistics

Program License	Total	In Use	Free
DS Component	4	3	1
DS Digital Check	0	0	0
DS Revision	2	1	1

- Check the total number of licenses.

3.3 Device Tab

1) Device registration management

The screenshot shows a web application window with a navigation bar containing 'License', 'Statistic', 'Device', and 'Status'. The 'Device' tab is active. Below the navigation bar is a table with the following columns: 'Email Address', 'PC Name', 'PC Name', and 'PC Name'. There are four rows of data, each with a 'Delete' button to its right. The second row is highlighted with a red border.

Email Address	PC Name	PC Name	PC Name	Delete
tech@dstecheng.co.kr				Delete
odwill4you@naver.com				Delete
d@dstecheng.co.kr	DESKTOP-EK10KTN	DESKTOP-0TNSMCL		Delete
r566@nate.com	DESKTOP-0TNSMCL			Delete

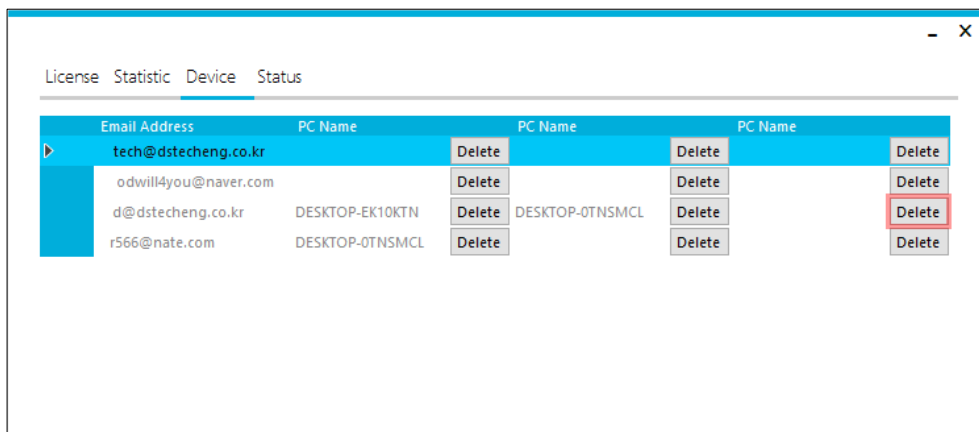

- You can log in up to three different Devices with one ID.

2) Device limit exceeded

- When you log in from more than 3 devices, it is impossible to log in with the additional devices, and there will be an alarm message.

3) Remove device

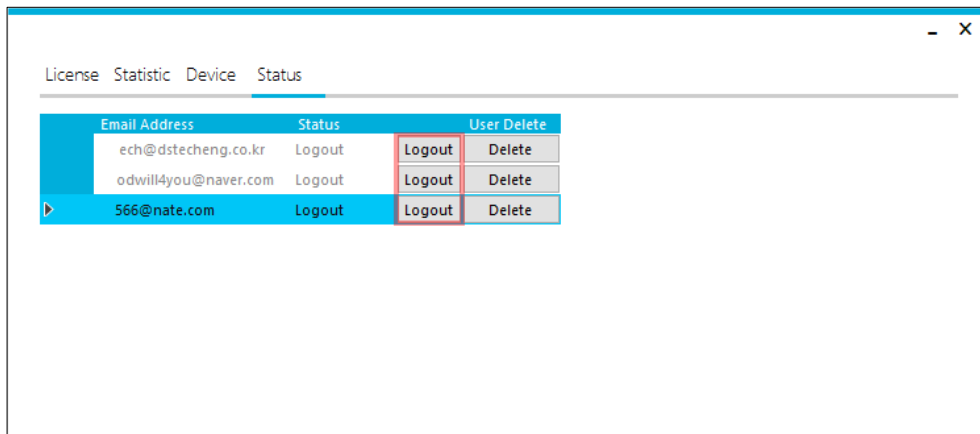

The screenshot shows the same web application window as in the first image. The table of devices is visible, and the 'Delete' button for the second row (d@dstecheng.co.kr) is highlighted with a red border.

Email Address	PC Name	PC Name	PC Name	Delete
tech@dstecheng.co.kr				Delete
odwill4you@naver.com				Delete
d@dstecheng.co.kr	DESKTOP-EK10KTN	DESKTOP-0TNSMCL		Delete
r566@nate.com	DESKTOP-0TNSMCL			Delete

- If device registration is full, you must delete the existing device to log in from the new device.

3.4 Status Tab

1) Force logout

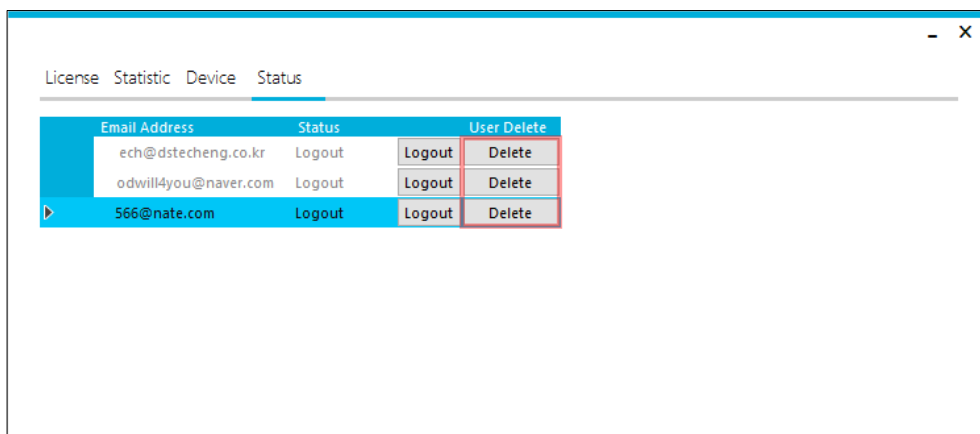

The screenshot shows a web application window with a navigation menu at the top containing 'License', 'Statistic', 'Device', and 'Status'. The 'Status' tab is active. Below the menu is a table with three columns: 'Email Address', 'Status', and 'User Delete'. The table contains three rows of user data. The 'Logout' button for the third user, '566@nate.com', is highlighted with a red border.

Email Address	Status	User Delete	
ech@dstecheng.co.kr	Logout	Logout	Delete
odwill4you@naver.com	Logout	Logout	Delete
566@nate.com	Logout	Logout	Delete

- You can make specific user logged out by force

2) Delete User

The screenshot shows the same web application window as above. In this view, the 'Delete' button for the third user, '566@nate.com', is highlighted with a red border.

Email Address	Status	User Delete	
ech@dstecheng.co.kr	Logout	Logout	Delete
odwill4you@naver.com	Logout	Logout	Delete
566@nate.com	Logout	Logout	Delete

- When you delete someone, that user will be removed from the program
